Session: Counselor Session Guide Check list

- Hello, my name is _____. I'll be talking with you today about what brought you here and your HIV and hepatitis concerns. My role as your counselor is to work with you to figure out your risks and explore ways we can keep you safe from being infected. We'll talk for about 20 minutes. Do you have any questions?
 - What do you know about hepatitis A, B, and C and HIV? (review).
 - Which of the things I just showed you concern you (the most)?
 - Have you ever been tested for HIV or hepatitis because you thought you were exposed or at risk?
 - What was your most recent risky behavior? Who, What, When, Where & How?
 - Was this situation usual or uncommon? What triggered it?
- What do you think kept you from protecting yourself at that time? Were you high/drunk?
 - Are there times when you are more likely to take risks?
 - Would you have done the same thing if you knew the person had HIV or hepatitis?
 - Are there times when you are less likely to take risks? Why?
 - I want to make sure I heard what you told me correctly, so I'm going to summarize it for us. OK? (Repeat high points).
 - Helping you protect yourself after you leave here today is important.
 - What is one new thing you can do between now and the day you return for your test result?
 - I want to thank you for being here. Knowing your status is very important. Let's go ahead and get you tested now.

Select up to two (2) risk reduction commitments that can be accomplished pre and post test sessions.		A = Successful B = Attempted But Not Successful C = Not Attempted D = No Opportunity to Try			
___ Abstain from penetrative intercourse		A	B	C	D
___ Reduce number of sex partners		A	B	C	D
___ Have condoms/dams ready for sex		A	B	C	D
___ Use condoms/dams for all penetrative sex		A	B	C	D
___ Use condoms with all non-main partners		A	B	C	D
___ Monogamy		A	B	C	D
___ Be sober when making sex decisions		A	B	C	D
___ Talk to partner(s) about safer sex		A	B	C	D
___ Talk to partner(s) about delaying sex		A	B	C	D
___ Talk to partner(s) about getting tested		A	B	C	D
___ Abstain from IV drug use		A	B	C	D
___ Clean shared needles / water / works		A	B	C	D
___ Other:		A	B	C	D
___ Other:		A	B	C	D
